American Medical Marijuana
Physicians Association

2018 Annual Conference

October 12-14, 2018

Hilton Orlando Lake Buena Vista | Orlando, FL

ABOUT THE AMERICAN MEDICAL MARIJUANA PHYSICIANS ASSOCIATION (AMMPA)

The American Medical Marijuana Physicians Association is a membership driven association, focusing on providing physicians with the resources they need to safely and effectively utilize medical marijuana recommendations as an alternative treatment modality for their patients. Based out of Florida, AMMPA serves as a physician advocate helping to outline practice risks and benefits, educational

requirements, compliance issues, and aggregates its members to allow for a unified voice representing all physicians currently interested in cannabinoid medicine. Our members are leaders in Florida that provide expertise to the public regarding research, education, speaking engagements, seminars, and industry recommendations.

ACCREDITATION STATEMENT

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the Dade County Medical Association and the American Medical Marijuana Physicians Associations. The Dade County Medical Association is accredited by the

Florida Medical Association to provide continuing medical education for physicians.

The Dade County Medical Association designates this live activity for a maximum of 18.5 **AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

WELCOME

As course director for 2018 Annual Conference and President of the American Medical Marijuana Physicians Association (AMMPA), I would like to welcome each and every one of you to this year's conference.

We are committed to outreach locally, and nationally on topics that affect you, your practice, and your patients. We strive to bring together an incredible faculty of thought leaders, and conference attendees who are our colleagues and friends who truly want to improve the science, patient outcomes, and quality of care. We hope to bring discussions and presentations on the best that science has to offer, and we encourage feedback and recommendations to make the program truly what it sets out to be.

The AMMPA Annual Conference provides an opportunity to network with like-minded physicians from around the world that are also valued members of the American Medical Marijuana Physicians Association. We have a full two and half days of educational presentations, networking, and panel discussions with thought-leaders researching and utilizing medical cannabis to improve the health of their patients.

I sincerely appreciate the input and energy invested in this conference by our board members, planning committee, scientific education committee, faculty members, and conference staff in an effort to continue to make this program educational, informative, enlightening, and most of all, fun. Thank you for sharing your time, energy, and intellect with us this weekend, and we look forward to sharing this time with you for many years to come.

Sincerely,

Orlando Florete Jr., M.D.
President and Co-founder

MEETING SPEAKERS

Medical Marijuana...Past Present and Future

Mark Hashim, M.D.

Board Certified by the American Board of Medical Specialties
Member, Society of Cannabis Clinicians

Dr. Hashim is regarded by his colleagues and clients as the leader in the Florida Medical Marijuana industry and considered the pioneer in this complicated field, he has been active with cannabis since its inception and his presentations are engaging and thought provoking. Speaking at numerous medical conferences, he is changing the way we view cannabis and influencing the industry as a whole.

Medical Marijuana Pharmacology

Orlando Florete Jr, M.D.

Jacksonville, FL

Orlando G. Florete, Jr, MD, has received numerous scholarships and awards, among them the Winthrop Stearns Scholarship Award and the Community Service Award from the Department of Anesthesiology at the University of Florida College of Medicine. In 2011, Dr. Florete was recognized by the International Association of Anesthesiologists as one of the Leading Physicians of the World.

Understanding the Endocannabinoid System

Medical Marijuana and Cancer

Lora L. Brown, M.D.

Access Marijuana RX, Medical Director, St Petersburg, FL

Dr. Lora Brown has nearly two decades of experience in interventional pain management. She understands what people face on a daily basis when they are living with chronic pain. She is a respected advocate for medical cannabis, particularly in place of opioid medication. She has served on the Drug Policy Advisory Council, working to establish regulations to prevent the abuse of opioid painkillers.

MEETING SPEAKERS

Medical Versus Recreational Marijuana

2018 Update on the State of Medical Marijuana in the United States

Gladstone McDowell, M.D.

Columbus, OH

Dr. McDowell is Medical Director of Integrated Pain Solutions. His areas of expertise include Urology, Anesthesiology, Pain Management, and Patient Safety. He has served as an instructor at The University of Ohio for both the Department of Urology and the Department of Surgery. He has also served as the Director of Sabine Urology Outpatient Clinic and the Chief of Urology at Brackenridge Hospital in Austin, TX. Dr. McDowell has been involved in breakthrough research at the Gynecology Clinic of the Southwest Foundation for Research and Development, and at the Department of Cell Biology at The University of Texas' M.D. Anderson Cancer Center

The Business of Medical Marijuana for Physicians in 2018

Lawton Tang, M.D.

Pasadena, CA

Dr. Lawton Tang is an award winning plastic surgeon from the American Society of Plastic Surgery and Plastic Surgery Educational Foundation and was recognized with the First Place Award in Body Contouring Mentoring at the Breast and Body Symposium at Dallas Texas. He is a published author of multiple journals and textbooks and has been named Los Angeles "Top Docs", Patients' Choice Award, and 2010 Compassionate Doctor Recognition Award. Dr. Tang started his medical training at State University of New York. After winning several awards and research grants he relocated to Mount Sinai in Miami to train in General Surgery and Trauma Critical Care. He attended the University of Pittsburgh, completing an Aesthetics Breast and Body Contouring Fellowship and served as clinical instructor in their Department of Plastic and Reconstructive Surgery. He then completed another Plastic and Reconstructive Fellowship at MCG, allowing him to complete his surgical training from five academic institutions of excellence.

In addition to his practice, Dr. Tang teaches surgeons in training from Huntington Memorial Hospital and University of Southern California. He continues to publish his research in many of the top plastic surgery journals, including articles and book chapters in the Plastic and Reconstructive Surgery and Cosmetic Surgery periodicals. Dr. Tang continues to contribute to the body of literature of biomaterials being designed for skin, bone, and nerve regeneration, with a strong focus on polymeric materials, both native and synthetic.

MEETING SPEAKERS

Legal Aspects of Medical Marijuana - A National Overview

Elizabeth D. Shaw, Esq.

Ponte Vedra Beach, FL

Elizabeth "Liz" Shaw is a founding partner of RezLegal, LLC. Liz is Board Certified as a Specialist in Health Law by the Florida Bar Association. She also is a Registered Nurse and a licensed Health Care Risk Manager in the State of Florida.

Liz represents licensed healthcare providers, clinical laboratories, compounding pharmacies, executives and marketing representatives in government investigations and enforcement actions for allegations of healthcare fraud and violations of the Federal False Claims Act, Civil Monetary Penalty Law, the Stark Law and the Federal Anti-Kickback Statute.

Liz helps clients conduct internal and independent investigations, conduct witness interviews, prepare investigative reports, establish compliance programs, respond to government audits, respond to requests for information, respond to search warrants, subpoenas, civil investigative demands (CIDs), craft defense strategies and procedural and substantive arguments to government allegations and comply with the requirements of OIG Corporate Integrity Agreements.

Liz is skilled in solving complex regulatory issues and helping companies develop and implement best practices designed to proactively protect their businesses and mitigate the risk of healthcare fraud and abuse.

Liz has extensive experience in analyzing and structuring complex health care arrangements to comply with federal and state regulatory laws and state licensing laws.

Liz combines her legal expertise with her extensive experience in nursing, risk management and the health care industry to provide clients with advice on a broad range of regulatory legal matters, including facility licensure, pain management clinics, urine drug testing, medical marijuana, physician disciplinary cases, medical staff issues, physician office operational issues and HIPAA audits and compliance.

MEETING SPEAKERS

Role of Medical Marijuana During the Opioid Crisis

Jesse Lipnick, M.D.
Gainesville, FL

Dr. Lipnick has practiced Physical Medicine and Rehabilitation with SIMEDHealth in Gainesville, Florida since 1995. He is a Fellow of The American Board of PM&R, The American Board of Neuromuscular & Electro-diagnostic Medicine, and he holds added qualification in Pain Medicine by the American Board of Anesthesia. He completed medical school at Washington University School of Medicine in St. Louis, internship in Internal Medicine at Albert Einstein College of Medicine in New York, and residency in Physical Medicine and Rehabilitation at the Thomas Jefferson University Hospital in Philadelphia.

Dr. Lipnick joined a 3-physician group practice in 1995, and since that time, he has worked to establish a medical corporation, now with more than 130 providers working in 8 cities in North Central Florida. He has served on the Board of Directors of Southeastern Integrated Medicine. He is the past President of the Tri-County Health Alliance, and he serves as Member at Large to the Alachua County Medical Society. He currently serves as President Elect of the Florida Society of Interventional Pain Physicians.

Dr. Lipnick is a member of the American Academy of PM&R, American Society of Interventional Pain Physicians, Florida Medical Association, Florida Society of Interventional Pain Physicians, and he is committed to the advancement of pain medicine. He speaks locally, nationally and internationally.

Regulatory Compliance and Medical Marijuana Research Programs

Thomas D. Marcotte, Ph.D.
San Diego, CA

Dr. Marcotte is a Professor of Psychiatry, Co-Director of the Center for Medicinal Cannabis Research, and Center Manager of the HIV Neurobehavioral Research Center. He also served as the Director of Mental Health for the UCSD Owen HIV Clinic, and Co-Director of CHARTER, a national multi-site study of the CNS impact of treatments for HIV. Dr. Marcotte received his B.A. from UCSD, M.A. from the University of Connecticut, Ph.D. in clinical psychology from CSPP-Los Angeles, and completed post-doctoral training in neuropsychology at UCSD. Dr. Marcotte has served on the editorial boards of Neuropsychology and the Journal of the International Neuropsychological Society.

MEETING SPEAKERS

New Research into Seizure Disorders and Medical Marijuana

Jerzy Szaflarski, M.D., Ph.D.

Birmingham, AL

Jerzy P. Szaflarski, M.D., Ph.D. joined the University of Alabama at Birmingham Department of Neurology in the fall of 2013 as a Professor and as the Director of the Division of Epilepsy. He also directs the Level IV UAB Epilepsy Center. Dr. Szaflarski received his M.D. and Ph.D. from Collegium Medicum of the Nicolaus Copernicus University in Torun, Poland. He then completed a neurology residency and later a fellowship in Clinical Neurophysiology and Epilepsy at University of Cincinnati. Dr. Szaflarski initiated his research career with a fellowship at the Medical College of Wisconsin in the laboratory of Dr. Jeffrey R. Binder, where he studied functional magnetic resonance imaging (MRI) acquisition and analysis.

Evidence Based Use of Medical Marijuana for Anxiety Related Disorders

Michelle Weiner, D.O.

Miami, FL

Dr. Michelle Weiner is double board certified in Interventional Pain Management and Physical Medicine and Rehabilitation and is one of the Pain Physicians for Spine and Wellness Centers of America. She completed her residency and fellowship training at the University of Miami. She is currently faculty at Florida International FIU and Nova Southeastern University. She has an IRB approved research project on using cannabis as a substitute for opioids in chronic pain. She is an advocate for and a leader in the Florida Medicinal Cannabis industry. Dr. Weiner is passionate about educating the public and other medical professionals about the evidence supporting Cannabis, its benefits for a multitude of different conditions as well on the Endocannabinoid System. She individualizes medical cannabis treatments based on patient specific factors with the goal of maximizing quality of life, decreasing overall pharmaceutical use and side effects. She is knowledgeable in diagnosing and treating vitamin and micronutrient deficiencies. Dr. Weiner's practice also treats spine and musculoskeletal pain as well as chronic migraines, performs ultrasound guided joint injections, uses platelet rich plasma (PRP) and stem cells and is well trained in aesthetic medicine.

Hemp CBD, Medical Marijuana CBD, and Medical Marijuana- Is there a Difference?

Mark Chaet, M.D.

Orlando, FL

Mark S. Chaet, MD is a Diplomate of the American Board of Surgery with a Certificate of Special Competence in Pediatric Surgery. He received his Medical Degree from Emory University School of Medicine in Atlanta, Georgia. He went on to perform a General Surgery Residency at the University of South Florida and completed his Fellowships at Riley Children's Hospital at Indiana University and Cincinnati's Children's Hospital. Dr. Chaet serves in a number of leadership roles in health care organizations including the Board of Directors for the American Medical Marijuana Physicians Association and President of the Independent Physicians Network. He lectures nationwide on opioid reduction techniques for acute pain management.

Current Legal Guidelines and Practice Management for Physicians

Cynthia Gregory Crider, Esq

Clermont, FL

Mrs. Crider was born and reared in Mt. Vernon, KY. She graduated from Duke University with a Bachelor of Arts in History in 1995 and received her J.D. from the University of Kentucky College of Law in 1998. After graduation from law school, Cynthia worked in doing tobacco litigation defense. She also worked for over 10 years with her father, William D. Gregory in Mt. Vernon, KY, as a general practicing attorney.

Mrs. Crider moved to Florida and became licensed to practice in 2012. She is licensed to practice in is admitted to practice before the U.S. Supreme Court, the Federal District Court in the Eastern District of Kentucky, the Federal District Court Middle District of Florida, and has been a Kentucky certified domestic relations mediator for over 15 years.

In addition to general law practice Mrs. Crider has experience in the areas of Trusts and Estates, Elder Law, Entertainment Law, Complex Transactional Law, Physician Contract Negotiation, Physician Business Planning, LLC Formation And Organization. Representative clients include EB-5 projects and clients seeking EB-5 Immigration status, SBIR Grant Application, and franchise negotiations. As the spouse and sibling of physicians, Cynthia is attuned to the special circumstances presented by physician contracts and the need for asset planning and protection for an entire career.

Current Dosing Strategies for Medical Marijuana and Chronic Pain

Miguel De La Garza, M.D.

Comprehensive Pain Management Partners

New Port Richey, Tampa, Dade City, Venice Florida

Dr. Miguel de la Garza is a board-certified physician who practices multidisciplinary interventional pain management in four offices in the Tampa Bay area. He performs interventional pain procedures, specializing in minimally invasive surgical decompression and/or fusion of herniated discs and spinal stenosis, implantable intrathecal pumps, spinal cord stimulation, and peripheral nerve stimulation. Dr. de la Garza has published numerous research papers and abstracts and has presented at regional and national academic conferences. He has lectured on the topics of anesthesia, interventional pain medicine, addiction, medical cannabis both nationally and internationally. He is also a consultant for numerous pharmaceutical and medical device companies and is a teaches interventional techniques for medical procedures. He is the current Vice President of the Florida Society of Interventional Pain Physicians, having received the service award in first year of being a board member. He has testified to Florida Medicaid Formulary Committee on the topics of opioid abuse, abuse deterrence and appropriate measures to fight opioid abuse, misuse and diversion; several abuse deterrent molecules became preferred and non-abuse deterrent formulations were eliminated. Expert testimony on similar topics to state of Florida House and Senate helped enact laws ensuring parity of ADOs and non ADOs. He has also provided written correspondence to FDA subcommittees on topics of Abuse Deterrent Formulation standards. He is a member of Florida Society for Interventional Pain Physicians and Florida Medical Association Political Action Committee Boards. He is contributing author and editor for pain components of CME course and textbook: "Essential Elements of Personalized Analgesic Medicine." CME course is provided by LP3 Network internationally in United States, Canada and Australia, subsidiary of Medisca International. He a medical advisory board member of Aeon Health Care.

MEETING SPEAKERS

Autism: Does Medical Marijuana Help?

Joseph Rosado, M.D., M.B.A.

Orlando, FL

After spending several years in central Florida working as an EMT/P, Dr. Rosado realized his passion for the medical profession. He started chiropractic school at Life College in Marietta, GA where he graduated with a BS degree in Clinical Nutrition and a doctor of chiropractic degree.

After practicing for several years, he went on to Universidad Central del Este, in San Pedro de Macoris where in 2001 he graduated with his medical degree. After working as physician and clinic Director in Salt Lake City, UT, team physician for the Costa Rican Institute of Recreation and Sports, and staff physician at Hospital Metropolitano in San Juan, PR; Dr. Rosado relocated back to Florida. In 2005 Dr. Rosado completed his MBA in Health Care Management from University of Phoenix.

Once back in Florida, he worked as the Director of the Communicable Disease Division/Epidemiology and immunization departments as well as the Sr. Lead Physician at ST. Johns County Health Department. Dr. Rosado then moved on to Tricounty Hospital in Williston, FL to be the medical director, and also worked in a private practice with the Institute of Medical and Cardiovascular Excellence (IME/ICE) in Williston and The Villages providing primary and functional/regenerative care. Upon resigning from both Tricounty Hospital and ICE, he has worked as a physician at the North FL Evaluation and Treatment Center in Gainesville, FL, Pinellas County Jail in Clearwater, FL, Escambia County Jail in Pensacola, FL, North East Family Health Source in Pierson, Deltona and DeLand, FL, Genesis Family Practice in Orange City, FL and Comprehensive Health Center in Orlando, FL.

In 2015 Dr. Rosado took both the Florida Physicians Cannabis Course and the Florida Cannabis Medical Directors Course.

Presently, he is practicing in Ormond Beach, FL (East Volusia County), providing General Medicine services, Suboxone Therapy and Medical Cannabis recommendations in a high volume pain management clinic to patients that have been and/or are on opiates and want to be “weaned off of” opiates; and, on a monthly basis volunteers at Shepherd’s Hope Community Clinics in Central Florida.

MEETING SPEAKERS

Medical Marijuana for Migraines, Brain Trauma, Spinal Cord Injury and Neurodegenerative Disorders

Laszlo Mechtler, M.D., F.A.A.N., F.A.S.N.

DENT Neurologic Institute

Dr. Laszlo Mechtler is Professor of Neurology and Oncology at the State University of New York at Buffalo. He is UCNS certified in Neuroimaging, Neuro-Oncology and Headache Medicine. Dr. Mechtler is the Medical Director of the Dent Neurologic Institute. His training includes institutions such as MD Anderson and the State University of New York at Buffalo. He completed his Neuroimaging fellowship at the Dent Neurologic Institute in 1990. He is a past president of the American Society of Neuroimaging (ASN) and the Hungarian Medical Association of America (HMAA). He was the guest editor of the 2009 and 2014 edition of *Neurology Clinics* on 'Neuroimaging' and is currently working on the 2020 edition. He was also the guest editor of the 2008 and 2016 edition of *Continuum* on 'Neuroimaging'. He sits on the Executive Committee for BrainPAC through the American Academy of Neurology (AAN) and is part of a State Athletic Commission Medical Advisory Board, appointment by Governor Cuomo (New York). He is currently participating in numerous clinical trials, which include neuroimaging research for traumatic brain injury, migraines, as well as brain tumors. Dr. Mechtler is publishing some of the first major retrospective research trials on Medical Marijuana in Headaches and other neurologic disorders. Dr. Mechtler lectures both nationally and internationally and is recognized as a leader in the fields of Neuroimaging, Headache Medicine, Medical Cannabis and Neuro-Oncology. He is the Director of the DENT Cannabis Clinic, which has over 5,000 patients certified through the NYS MMJ program.

Establishing the Standard of Care and Good Clinical Practice in a Medical Marijuana Clinic – Revisited

Melanie Bone, M.D., F.A.C.O.G.

Atlantis, FL

Dr. Bone is board certified in Obstetrics & Gynecology by the American Board of Obstetrics and Gynecology. She received her medical degree from Albany Medical College and completed a residency at George Washington University Hospital. She now resides in South Florida with her husband and four children.

Dr. Bone is a national speaker on hereditary cancer syndromes and writes a column for the Palm Beach Post Health. She actively practices gynecologic surgery with expertise in minimally-invasive laparoscopic surgery, menopause, cancer risk assessment, solutions and support.

Care Philosophy

Dr. Bone prides herself on combining a down-to-earth bedside manner with cutting-edge clinical skills. She believes that listening well to your patients is the key to making a diagnosis and best outcomes are obtained by applying a common-sense approach to each woman's problem. Dr. Bone embraces integrative medicine, often using both traditional and non-traditional solutions to gynecologic issues. She is affable, available, approachable, and able - the 4 "A's" of an excellent doctor.

MEETING SPEAKERS

Medical Marijuana Treatment Updates with HIV and other Infectious Diseases

Barry Gordon, M.D.

Venice, FL

Chief Medical Officer, Compassionate Cannabis Clinic

For more than three decades, Barry Gordon M.D. built a career working on the front lines of the American health care system.

After years of seeing the same faces and resurrecting the same addicts daily in Ohio emergency rooms, he thought there had to be a better way.

Today, Florida is just one of 30 states that recognize the medicinal value of marijuana for the relief of symptoms associated everything from neurological illness to chemotherapy.

Dr. Barry, as he is affectionately known, is at the forefront of the medical cannabis movement.

Medical Marijuana Formulation - Smokable Products, Drops, Tinctures, Tablets, Capsules, Suppositories and Topicals

Sue Sisley, M.D.

Phoenix, AZ

Dr. Suzanne Sisley, MD joined forces with her mother, Hanna Sisley, MD, a family practice physician to develop a thriving private practice in the inner city of Phoenix. They are reportedly the only mother-daughter MD-physician team in Arizona. Dr. Sisley transitioned to her full-time TELEMEDICINE practice starting in 2009, where she employs a full array of telecommunications technology to continue delivering high-quality medical care to populations across rural/underserved areas of Arizona. Sue is an Institutional Member of the American Telemedicine Association and serves on the ATA's Legislative and Policy Committee. She frequently presents at ATA International Meetings focusing on research Using Telemedicine to provide Addiction Treatment in Rural AZ. Sue also serves as Clinical Faculty at St. Joseph's Hospital and Medical Center at the MercyCare Adult Medicine Clinic for indigent patients.

Inflammatory Bowel Diseases and Medical Marijuana

Joshua Henry, M.D.

St Augustine, FL

Dr. Henry attended medical school at Ross University School of Medicine in the West Indies. After completing a residency in Family Medicine at the Mayo Clinic in Jacksonville, he went on to specialize in Sports Medicine and completed his fellowship training at John Peter Smith in Fort Worth, TX. Dr. Henry's area of expertise is in treating musculoskeletal pain using ultrasound and fluoroscopically guided procedures. He is a member of the American Academy of Family Physicians, the American Medical Society for Sports Medicine and the American Society of Interventional Pain Physicians.

ANNUAL MEETING AND CONFERENCE

EXHIBITOR OVERVIEW

Trulieve

Trulieve is Florida's first Medical Cannabis organization. We put patients first with 13 statewide dispensaries and next day delivery. We offer the largest and most diverse product line and strive to be an industry leader in cultivation, processing, distribution and customer service.

MedMen Enterprises

MedMen Enterprises is a leading cannabis company in the U.S. with assets and operations across the country including California, Florida (coming soon), New York, and Nevada. MedMen brings expertise and capital to the cannabis industry and is one of the nation's largest financial supporters of progressive marijuana laws.

Knox Medical

Knox is a Florida-based medical cannabis company with a commitment to ensuring patients can access high-quality, consistent and safe medical marijuana. Our products pass rigorous purity standards and analytical testing via our state-of-the-art laboratory, to ensure consistently exceeds industry standards. Through innovation and meticulous attention to detail, Knox is establishing a new level of excellence in the cannabis industry.

Surterra Wellness

Surterra Wellness is guided by the principle that our loved ones should be able to pursue the safest, most naturally-derived treatments to empower their health and well-being. By extracting and refining the THC and CBD cannabinoids, combining them into exact ratios, and reintroducing targeted terpene profiles for desired effects, Surterra Wellness is pioneering the next generation of cannabis-derived medicine.

Alternate Health

Alternate Health is a diversified healthcare company operating through a network of subsidiaries that share proprietary, highly secure cloud based software solutions to improve efficiencies and protect patient data. Our services include practice management and controlled substance management software, blood analysis and toxicology labs, clinical research, continuing education programs, nutraceutical products, and security and control services to the emerging medical cannabis industry. The goal of Alternate Health is to continue to lead the traditional

medical and the medical cannabis industry with effective, legal products & services that will provide a platform for improving & advancing patient outcomes with operational efficiencies, education, product development and network-driven data results.

Arfinnmed.com

Arfinnmed.com is a collaborative input and output data sharing resource by and for medical professionals. This patent pending portal allows professionals to input treatment methods and outcomes. Users obtain efficacy reports statistically inferable on treatment effectiveness, with specificity of dosage, delivery method and other information for patient medical conditions.

Cannabis News Florida

CANNABIS NEWS FLORIDA is an online publication with a monthly feature in South Florida Hospital News & Healthcare Report, a print publication for the professional healthcare community. We provide both local and national news from leading authorities about medical and business developments in the medical cannabis industry. CANNABIS NEWS FLORIDA offers customized email distribution to Physicians in all cities and zip codes in the State of Florida.

CannaMD

CannaMD is a medical marijuana clinic that specializes in qualifying Florida patients to receive medical cannabis treatment. Focused on evidence-based application of medicinal cannabis research, CannaMD offers a streamlined pre-qualification process, allowing patients to spend more quality time with physicians. CannaMD is committed to helping Florida patients receive compassionate care.

Curaleaf

Curaleaf strives to be the safest and most trusted medical cannabis company by offering the best quality products and delivering exceptional patient experiences. Curaleaf provides the highest standards of cannabinoid based products in a compassionate and knowledgeable environment.

EsseCann

EsseCann, LLC was started by Liz Zucco and Brenda Newman in the fall of 2017. EsseCann strives to provide the highest quality hemp derived CBD available, at prices that patients can afford.

Sourced from high quality, Colorado hemp, EsseCann provides a full line of Tinctures, Creams, Crumbles and high dose products for specific needs. Our CBD is always full spectrum, third party lab tested, and easy to use and understand.

When you think you can't, think EsseCann.

Florida for Care

Florida for Care is a Non Profit 501C(4) founded in 2014 to advocate for the implementation of a strong, well-regulated, medical marijuana system. FFC works for best practices to be put in place for patients, physicians, and operations overall. FFC organizes to provide research, expert opinions, and feedback on a wide range of medical marijuana issues and tries to speak on behalf of what will help patients and physicians when they cannot. The organization is supported by legal experts, patient advocates, health experts, business leaders, and government representatives as a resource in policy development.

GrowHealthy

GrowHealthy produces premier-quality, all-natural medical cannabis products. Guided by industry best-practices and an unwavering commitment to quality, purity, and safety, we provide products that offer relief to medical patients across the Sunshine State.

Liberty Health Sciences

Liberty Health Sciences is the cannabis provider committed to providing a trusted, high quality cannabis experience because of our genuine care for all cannabis users and a focus on operational excellence from seed to sale and beyond.

MagMutual Insurance Company

For more than 30 years, MagMutual has served as a trusted advisor and strategic ally to thousands of physicians and hospitals. Today we offer the best resources in patient safety, expert defense and comprehensive solutions for professional liability insurance. Our Policy Owners receive exceptional service, financial strength, dividends, rewards and more.
